Self-taught, hard learning and very ambitious Entry Level Front-End Developer looking for a company to grow with.

For past few years I've been brewing this dream inside of becoming a front-end developer, now I believe it's the time.
And where is passion and determination, there is nothing impossible to accomplish.

Not in for a salary but for knowledge and feeling part of something.

My Skills:

Technologies: HTML5 , CSS3, Responsive, JavaScript (Fundamentals);
Tools: Git, Npm, Gulp, Yarn;
CSS Frameworks/Methodologies: SASS, Bootstrap, BEM;
Side Skills: Design, Wordpress;

Work Environment: MacOS | Linux | Windows

Coming Soon : http://www.codify.lt

My past, present and future code will appear here.
github.com/orpeq/

Desired salary: 500 Eur (net / taxes excluded)

Work experience

2016.03 - Present
Company: Freelancer
Company site: www.resolution.lt
Position: Real Estate Agent Assistant

Continued doing the same job as in 2015, just in more dynamic environment - working remotely.
